

Voido

The creations of Ron Arad are characterised by often monumental, sculptural proportions and an emphasis on the tactile and visual qualities of the materials used. The round and ample shapes of the **Voido** rocking chair are obtained thanks to the roto-moulding process that allows the production of the object in one piece and makes it light and economical because it is empty inside.

Author-s	Ron Arad
----------	----------

Year of creation	2006
------------------	------

Editor	Magis
--------	-------

Typology	Seat
----------	------

Materials	PE
-----------	----

Colors	White
--------	-------

Dimensions	78 x 57.5 x 115 cm
