

Voido

The creations of Ron Arad are characterised by often monumental, sculptural proportions and an emphasis on the tactile and visual qualities of the materials used. The round and ample shapes of the **Voido** rocking chair are obtained thanks to the roto-moulding process that allows the production of the object in one piece and makes it light and economical because it is empty inside.

Author·s	Ron Arad	
Year of creation	2006	
Editor	Magis	
Typology	Seat	
Materials	PE	
Colors	White	
Dimensions	78 x 57.5 x 115 cm	

Inventory number	PLAS.1253
Status	Exhibited
